Break-out sessions

- Community building

- Vendor support

- Documentation

- Training (R 436)

- Sharing experience (Ground Floor 037)

- Limitations of BIBFRAME (R 404)

- OBS: Some of the topics are overlaping – no problem.

Community building

- How to establish a BIBFRAME community?

- The BIBFRAME mailing list don't actual act as community

- What is a community?

- Mailing lists, meetings, framework for proposals ?????

- European mailing list? General or "just" workshop specific?

Vendor support

- We need to go to next step beyond "chicken and egg"
- ILS vendors are driven by earning money
- So the libraries have to send a message not to misunderstand
- Ideas?
- → Next time asking for tenders: let BIBFRAME be a requirement
- → We have to set up a list of requirements

Documentation

- There a need for well defined and updated documention

- Remove BIBFRAME 1.0 stuff? Reuse of drop http://bibframe.org/ ?

- What is missing?
- Relation BIBFRAME / RDA
- Relation BIBFRAME / IFLA LRM
- What else?

Training

- Many libraries are in early stages

- Reuse of LC training material BIBFRAME 2.0?

- What kind of training material is needed?

- Training session / tutorials?

Sharing experience

- Collect project-info at a website?
- Having a European BIBFRAME Workshop 2018
- Share specifications for implementations
- Pilot projects descriptions

Limitations of BIBFRAME

- What are BIBFRAME for?

- Library material only?
- Archives? Museums? Work of art?

- Simple (relative…) versus complex to handle everything

Break-out sessions

What two break-out sessions would like to attend?

- Community building
- Vendor support
- Documentation
- Training
- Sharing experience
- Limitations of BIBFRAME
