Short project term

- Call for participation shortly before the elections in October 2023
- Formation of new government in December
- Deadline: Resignation of sitting government

Start-up difficulties

- Ministers manage profiles themselves, communications department has no access
- Mixing of political function with private content
- Profiles are considered as “private” or “personal”
- Whatsapp chat groups between members of government were not adressed

Outlook to future collections

- BnL, ANLux, and Parliament administration will work together on raising awareness of archiving issues among members of government and parliament
- Legal deposit procedures will be extended to ministries, administrations and public institutions
